

MELANOMA INTERNATIONAL FOUNDATION

SPROUTS

...A Sun Safety Awareness Program for Preschool and Elementary Kids!

Did you know that just 5 childhood sunburns can increase the risk of melanoma in adulthood by nearly 75%?

We teach our children the importance of eating healthy, having regular doctor's visits and exercising. Why not teach them about sun safe behaviors?

SEEK SHADE

**WEAR
SUN PROTECTIVE
CLOTHING**

**AVOID
THE SUN FROM
10 am TO 3 pm**

**CHECK YOUR SKIN
REGULARLY**

WOULD YOU LIKE TO BRING THE SPROUTS PROGRAM TO YOUR LOCAL PRE-SCHOOL, ELEMENTARY SCHOOL OR COMMUNITY ORGANIZATION?
